**Disclosure of Information on Lead-Based Paint and/or Lead-Based Paint Hazards
Federal Lead Warning Statement**

A buyer/tenant of any interest in residential real property on which a residential dwelling was built prior to 1978 is notified that such property may contain lead-based paint and that exposure to lead from lead-based paint, paint chips or lead paint dust may place young children at risk of developing lead poisoning if not managed properly. Lead poisoning in young children may produce permanent neurological damage, including learning disabilities, reduced intelligence quotient, behavioral problems, and impaired memory. Lead poisoning also poses a particular risk to pregnant women. The seller/landlord of any interest in residential real property is required to disclose to the buyer/tenant the presence of known lead-based paint hazards and to provide the buyer/tenant with any information on lead-based paint hazards from risk assessments or inspections in the seller's/landlord's possession. A **tenant** must receive a federally approved pamphlet on lead poisoning prevention. It is recommended that a **buyer** conduct a risk assessment or inspection for possible lead-based paint hazards prior to purchase.

LEGAL REQUIREMENT. All Contracts of Sale for real property in the State of Maryland are required to be in writing to be enforceable. You have the right to have legal counsel review all documents and represent you. The Broker/agent is required to submit all written offers to the seller. An offer to purchase is not a contract until all terms and conditions have been agreed to in writing by the Buyer and Seller. The terms of a Contract of Sale cannot be altered after it has been accepted by all parties unless mutually agreed upon in writing by the Buyer and Seller. Therefore, the Buyer is advised that any contingencies or conditions of the sale should be a part of the original offer. The accepted Contract of Sale is a legally binding and enforceable document.

EQUAL HOUSING. The Property is offered in compliance with Title VIII of the Civil Rights Act of 1968 (as amended by the Fair Housing Amendments of 1988) and applicable Maryland and local laws with respect to race, color, sex, religion, national origin, physical and mental handicaps, familial status, age, sexual orientation, marital status and such other protected classes.

HAZARDOUS MATERIALS. There are many hazardous materials (i.e., asbestos, radon, underground storage tanks, etc.) that could affect any property. The Brokers and their agents will generally have no knowledge of these hazardous materials and do not have the technical expertise to ascertain or advise you of their presence or significance. It is the Buyer's responsibility to consult any experts they deem appropriate prior to entering into a Contract of Sale.

HOME WARRANTIES. A limited warranty may be available for purchase on the Property. Such limited warranty may provide some financial reimbursement in the event certain named components and or appliances become inoperable or fail during an agreed upon period of time (usually one year from settlement).

SETTLEMENT. All persons to be in title and/or responsible where a mortgage is to be created should be present at the time of settlement and will be required to provide photo identification. A lender usually requires, prior to settlement, a fully paid insurance policy, termite and other certifications when improved property is being purchased. The Buyer should have wired funds, bank check, or certified check for payment of estimated settlement costs and balance due under the Contract of Sale. If uncertain of the amount, Buyer should contact the settlement company 24-48 hours before settlement. Buyer should establish utilities in Buyer's name commencing with the day of settlement or occupancy.
